## News Items.

The Methodist Conference of Illinois found a very defiant subject in Rev. Dr. Thomas, of Chicago, whom they accuse of unmethodistic teaching.

The Mormon missionaries are by no means diminishing their labors for their polygamic institution, and large numbers have recently left for foreign countries to make more converts to their infernal doctrine.

The railroad war continues unabated. On the 20th the Alton cut the rate from Chicago to St. Louis to \$1, and the Wabash immediately dropped to fifty cents. The war extends to nearly all the western roads and is beginning to effect those of the East.

W. B. Harrison, a citizen of this place is lost. That is he left here three weeks ago last Monday for Wellington, to be gone one day, since which time nothing has been heard from him. Any information regarding him will be thankfully received by his wife, and we request our exchanges to give this notice the benefit of their circulation.—Galdwell Commercial.

The exploring party consisting of Col. Johnson and Messrs. Brannon, Galdwell, Colson and Slater returned from the Pan Handle on Friday last, looking much improved though browned and sunburned. They report a pleasant trip, and speak very highly of the courtesies extended by the good people of Wheeler and other counties west.—Henrietta Journal.

Alex Watson, an old resident of Wichita, was found dead near Mulvane, on Monday last. He had been absent from Wichita for the past five or six months, and it was supposed that he was in the Territory looking after some cattle. No particulars are given as to the finding of the body, save that it was in an advanced state of decomposition, and that an empty bottle labeled chloroform was found near it.—Commercial.

A serious railroad accident occurred at Jones Station, O., on the 20th. As the south-bound train was backing on the switch, the Hamilton accommodation came thundering along at a rapid speed, and there being a fog, the engineer did not see the train as it was backing up until too late. In spite of his efforts to prevent it, the engine ploughed into the rear coach completely splitting it in two and damaging the second car badly. A number of passengers were badly bruised, and scalded by the escaping steam. The engine was completely telescoped and left a total wreck.

## A HORRIBLE HOLOCAUST.

Special to the K. C. Journal.

Cincinnati, O., Oct. 20.—Shortly after 11 o'clock this forenoon, a three story brick building at the corner of Broadway and Second streets, occupied by Benj. Hay as a shoddy factory, caught fire from the furnace and in a few minutes the whole building was in a blaze. There were about thirty women at work in the third story, and it was soon shouted that all had not made their escape. The firemen were soon at the win-

dows but were too late to be of any help. The firemen then began to fight fire, but it was some time before the building could be entered. When they were able to do so they found the bodies of five women, two of which were so terribly burned that the flesh would slip from the bones in the grasp of the firemen. The bodies were lowered from a window and taken to a vacant room near by, amid the most heart-rending scenes that have been witnessed here for many a day.

## WONDERFUL SHOOTING.

"Talking about wonderful shooting," said one member of the St. Louis Sportsman's Club to another yesterday, "the best I've seen in many a day was that at the Grand Avenue Park last week. Buffalo Bill and Ira Payne were out trying their skill, and Captain Payne, of Oklahoma fame was out with them. They broke glass balls and everything else that came handy, and then they made the queerest kind of a wager. Buffalo Bill bet the wine for the crowd that he could make the sparks fly from a cigar which Oklahoma held in his mouth, at forty paces. The bet was taken and Oklahoma stood up with the cigar in his mouth to be shot at. Four times Buffalo Bill peppered away and four times the sparks flew. The fifth and last time came and he took better aim than ever. Oklahoma held the cigar tightly clenched between his teeth, and stood there as cool as a cucumber. Bill fired away, but this time he missed his mark. Instead of making the sparks fly he took off a good portion of Oklahoma's mustache. Don't you believe it? Then come down and see for yourself." They went and a Republican reporter went with them, and sure enough investigation proved that Oklahoma's mustache was singed and shot away.—St. Louis Republican.

Mr. Samuel H. Gladstone, a cousin of the Right Hon. W. E. Gladstone, arrived in New York recently on his way to Chicago and the West. He wishes to go to Colorado before the cold weather sets in, and intends to buy land if an advantageous offer presents itself. He will pay a visit to Rugby, Mr. Hughes' Tennessee colony.

## TO STOCK MEN.

The TRANSPORTER being in exchange with the leading stock Journals of Kansas and Texas, will be enabled to furnish reliable and early information on all important matters of interest concerning this great branch of industry, and being prepared with the necessary cuts for brands, it is confidently recommended as the proper means of communication between cattle men. This matter will always receive the notice it merits, and the attention of stock men is called to the importance of having their marks and brands published, to the end that the same may be generally known, thefts prevented and strays recovered. The terms are so reasonable that attention need only be drawn to the matter to recommend it, at once, to your favorite action.

## The Kansas City Journal.

The Kansas City Daily Journal is, as it always has been, fully abreast of the times, furnishing its readers with the latest news from all parts of the world and the very best selected matter for the family. "Give your patrons the worth of their money" is the motto of this staunch paper, and we know of no concern that lives up to its preaching more thoroughly. Besides getting the regular Press dispatches, the Journal has a large number of special reporters and special correspondents who are everywhere present when there is anything of interest to be had. The Journal has no superior as a market reporter, giving each day the very latest quotations of Money, Provisions, Live Stock, etc. of Kansas City, St. Louis, Chicago, New York, Liverpool and other home and foreign markets. In home and family reading matter, the Journal is unsurpassed by any, and the paper throughout is a monument to the sagacity and ability of its managers. The people of the great West are justly proud of the Journal for it is a Western paper in every sense of the term and in every part shows that vigor which characterizes Western enterprise.
